Ahead of Time is the story of Ruth Gruber, internationally famous foreign correspondent and photo journalist. A powerful intellect (she was the youngest PhD in the world at 20) and a world wide adventurer. She participated in and documented many important world events over seven decades, including the Nuremberg trials, the Haganah ship Exodus sailing to Palestine from France, and was responsible for bringing 1,000 Jewish Holocaust survivors to the U.S. in 1944.

Gruber was an inspiration to many not only for her ground breaking career but for her vitality. At age 100 she is still actively involved in photographic exhibitions and lectures. There will be discussion after the film.

Refreshments will be served. Donations welcome. Come join us!
